

Hiring the Playground

The **Playground** in Parkview International Pre-School is attached to the rear of the school. It is generally divided into open and covered portions and dimensions in such a way that it allows children facilities like sand pit, slides, and plays cape to be placed on one side, leaving a spacious spot for other activities and functions. PIPS has decided to share this spacious, open and yet private area of the school with others by letting it for birthday parties outside normal school hours.
