NOVEMBER ALREADY?

How time flies! I am in awe and delighted to be in the presence of such wonderful children and their grown-ups. Our theme based curriculum have given the children the opportunity to learn various skills such as self-confidence, language and physical development, social interaction, and problem-solving skills. It also enabled them to learn naturally and with enthusiasm whilst allowing me to adapt and take on their lead in terms of supporting their learning journey. To those who have recently joined us, a warm welcome to the Under 2s programme! I hope it has been just as thrilling for you and your children as it has been for me.

UPCOMING THEMES & LEARNING INTENTIONS
