— WELCOME — BACK TO SCHOOL

Dear PIPS community,

Welcome back!

I hope you all had an enjoyable summer holiday and spent some quality time with your little ones.

I am delighted to be appointed as the principal of Parkview International Pre-schools from this academic year. It is an honour to work for a reputable school with a long history, and I am looking forward to meeting you all in person very soon.

Over the past few weeks, the teachers and the staff, at both campuses, have been busy preparing the school for the start of the academic year. We had a professional development to learn and share ideas about setting inspiring environments for the young learners, and everyone is inspired to implement their new ideas. We truly believe that the school environment acts as the children's third teacher, provoking curiosity and intellectual engagement while being aesthetically pleasing.

Another focus for this academic year will be further developing our literacy programme through inquiry. Our children are demonstrating excellent communication skills, and as educators, we are committed to helping them grow further by providing meaningful and age-appropriate opportunities. This, in return, will prepare the students for the smoother transition to primary school.

Furthermore, there will be a series of parents' workshops and socialising events organised by the school. So, stay tuned for more information!

There are some exciting changes in our "Under 2" and "Nursery Extended" programmes this year. You can find out more in the following pages.

Yours sincerely,

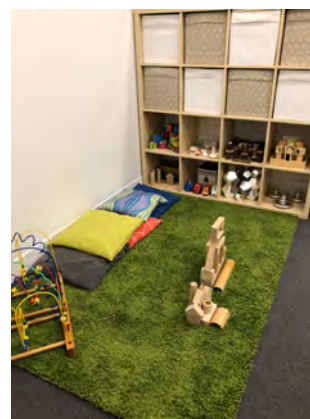

Gazel Razavi

Newly Renovated Area - Under 2's Programme

The newly renovated Under 2's Programme area is the place where your children can start their learning journey.

In our inviting and cozy environment, children will be introduced to many experiences such as participating in sensory activities, creating their own artwork, exploring music and movement and engaging in different learning inquires. Children will also begin to be exposed to Putonghua, and have music classes with our music specialist. The Under 2's Programme's environment is tailor made for children age 1 to 2 years. For more information, please contact the school office.

Celebrating the Mid Autumn Festival

To celebrate this special festival, we would like to invite you and your child to design and make a lantern, using any recycled materials. Please send the lantern in by Friday, 14th September to your child's class teacher. Your lantern will be displayed in your child's classroom or around our school. Our teachers will organise a tour with the children to look at all the fabulous creations.

The lanterns will be returned to your child on Monday, 24th September so that they can play with them on the Mid Autumn Festival Day.

We look forward to seeing all the wonderful creations! If you have any questions, please feel free to contact your child's class teachers.
