| Relocating overseas                                | 4                |

Each year, PIPS students successfully apply to a wide range of international schools around Hong Kong. Our IB teaching gives our students the skills and understanding to flourish anywhere, and our teachers provide their support by filling in reference forms for every application. Note that many parents choose to stay at PIPS for an extra year because their children are so happy here!
