They will also connect their own experiences to the art and think about what they have created.

How you can support your child at home:

- Create an art space by setting up a special area filled with materials like paints and crayons for your child to explore their creativity. This dedicated space will encourage them to express themselves freely.
- Encourage exploration by providing opportunities for your child to try different art forms, such as drawing, dancing, or playing instruments. This variety will help them discover their interests and develop new skills.
- Discuss art together by talking about what you see and encouraging your child to share their thoughts and feelings about their artwork. This interaction will enhance their understanding and appreciation of art.

親愛的家長:

本單元的主題是「我們如何表達自己」。通常我們會習慣性通過語言表達內心的感受和觀點,但因為幼兒的語言發展尚未成熟,沒辦法完全表達自己的意願。本單元我們將通過繪本教學、教具展示或多媒體等工具,設計相關趣味活動,鼓勵幼兒通過遊戲、演練、角色扮演、美術創作等活動,增強幼兒表達自己感受的能力。
