November - December, 2025

Dear Parents,

In our classroom, learning isn't about flashcards and worksheets; it's in the squeeze of a sensory bag, the stacking of a block, and the turn of a board book page. This same kind of discovery happens at home, and that's where the magic of our partnership begins.

You are already your child's primary guide in exploring the world. When we align our efforts, the learning is amplified and reinforced. Here's how you can extend our classroom learning at home:

If we're exploring textures... mention how your child enjoyed squishing the "goop." You can continue this by letting them pat and play with a cool, wet washcloth during bath time.

If we're working on new words... tell us what words you're hearing at home. We can use them consistently here, too!

If we're singing "The Incy Wincy Spider"... sing it with us! This repetition between home and school builds neural pathways and a deep sense of familiarity.

By sharing these simple observations, we create a continuous, supportive loop of learning that wraps your child in confidence. Let's keep the conversation flowing!

Thank you for being such essential members of our team.

*Best regards,
Under 2's Teachers*

Important Dates

5-6 November, 2025
U2s Annual Family Outing
(No regular classes)

7-8 November, 2025
Professional Development Day
(No school)

17-18 December, 2025
Winter Festivities

19 December, 2025 -
2 January, 2026
Winter Break

5th January, 2026
School Resumes

Transport

Children have a keen interest in and take pleasure in learning about various modes of transportation whether on roads, waterways, or in the air. Transportation can provide children with insights into the mechanics of movement and the sounds associated with different vehicles. What types of toy vehicles does your child engage with at home? Moreover, since walking is the most prevalent mode of transport, we will also explore how to safely cross the street and understand the significance of the different colours on traffic lights.

Family Outing

Our yearly family outing is fast approaching! Family outings play a crucial role in fostering a strong family identity and creating joyful memories. This is a wonderful opportunity for families to step away from the classroom environment, come together, enjoy the sunshine, and encounter something genuinely surprising. We will have the chance to meet many parents, connect with one another, and enjoy a picnic. We will engage in team games, some of which can be quite competitive. I hope everyone is excited to join in the fun.

Winter

Brrr! The air is turning crisp, and we're all set for everything cozy! In Hong Kong, winter lasts from mid-December to February, bringing a mix of mild, sunny days and chilly, frosty ones. We'll dive into the enchantment of winter—from icy windows to snowy days. We will discuss ways to take care of ourselves, like wearing appropriate clothing and staying active during these cold winter months. We'll build a snowman and enjoy all the wonderful aspects of the season. Let's have some fun and explore the magic of winter together!

Christmas

It's the most wonderful time of the year! Get ready for twinkling lights, festive songs, and all the holiday cheer. We'll be crafting Christmas trees, baubles, and many other Christmas crafts. The children will learn to sing traditional and new Christmas songs. We'll learn about giving and kindness, and of course, have a Christmas party! Let's make this season bright and full of happy memories.

親子班單元通訊 (普通話)

二零二五年十一月～十二月

親愛的家長：

經過兩個月的學習，您與孩子是否對普通話更了解、更有興趣了呢？

在學習了「歡迎來到學校」、「關於自己」的單元後，接下來我們將進入「交通工具」、「顏色」和「聖誕節」的單元。這些元素都是我們在日常生活中常接觸的事物，希望透過故事、遊戲、圖卡、特色教具、兒歌...等方式，幫助孩子能循序漸進的探索普通話的語音，提升孩子學習普通話的興趣。老師非常期待能繼續和你們一起探索、一起學習！
